INFORMATION SHEET

CLEANGEL

BACTERICIDAL CLEANER AND POLISH

DESCRIPTION:

CLEANGEL is a pine scented gel cleanser which cleans, shines and disinfects all washable hard surfaces. Its powerful formula cleans the most stubborn dirt and grime from floors, walls, sinks, baths, tiles, paintwork, stainless steel, etc. However, it is in the field of floor treatment where **CLEANGEL** really proves its worth. In one operation, **CLEANGEL** will strip old emulsion or wax Polish, remove scuff marks, kill bacteria and then buff to a non-slip shine. No subsequent stripping is necessary, **CLEANGEL** is effective against those germs normally found in kitchen environments, such as Staphylococcus Aureus, Escherichia Coli, Pseudomonas Pyocyanea and Salmonella Typhi.

When diluted for use, **CLEANGEL** is extremely cost effective replacing up to 10 other commonly used cleaning products.

WHERE TO USE:

CLEANGEL is highly recommended for kitchen benches and is effective on lino, PVC, thermo-plastic, composition, terrazzo, marble pre-sealed wood, cork and rubber. Its pleasant pine aroma leaves areas smelling clean and fresh, which is particularly useful in toilets, showers, kitchens etc.

CLEANGEL can also clean all painted areas, walls, ceilings, and woodwork.

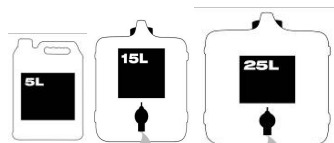

RECOMMENDED USE:

Apply **CLEANGEL** as follows.

- * **MOPPING** - for heavily soiled floors, mix 100mls **CLEANGEL** to 5 litres of hot water. Apply using pressure, a mop-fully of the solution onto the floor surface. Wring out mop and pick up slurry. Burnish when dry.
- * **DAMP MOPPING** - Mix 100mls **CLEANGEL** to 5 litres of hot water. Wring out mop before use. Burnish when dry.

PACKAGING

5 litres, 15 litres and 25 litres
