INFORMATION SHEET

OXY-BLEACH

NON-CHLORINATED BLEACHING POWDER

PRODUCT DESCRIPTION:

OXY-BLEACH is a free flowing oxygen bleaching powder suitable as a “safe & mild” bleach for all types of fabrics, including synthetics and coloureds.

OXY-BLEACH is excellent for bleaching and removal of tea, coffee, wine, food and other stains from fabrics. It is much safer than chlorinated bleaches for coloured fabrics and is suitable for bleaching a much wider range of textile fibres including wool, cotton, linen and viscose rayon. The use of **OXY-BLEACH** eliminates the need for an anti-chlor.

APPLICATION RECOMMENDATIONS:

OXY-BLEACH may be used in conjunction with conventional laundry powders in washing machines or as a pre-soak in hot water. It can be used during the suds cycle to supplement the washing action of a powder or soap, or simply to give an additional bleaching treatment to the articles before or after they have been washed.

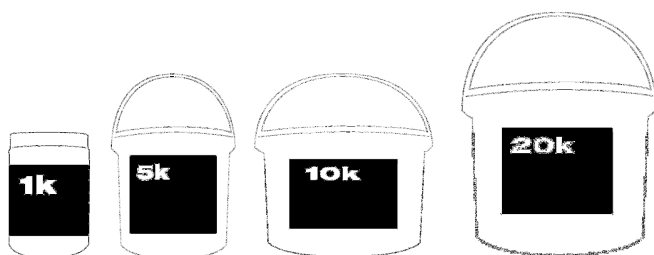

When properly used, **OXY-BLEACH** is safe on all fabrics

APPLICATION DILUTION RECOMMENDATIONS:

As a pre-soak, use **OXY-BLEACH** at concentrations in the order of 12-18 grams per litre of hot water. Make sure that all the powder has dissolved before introducing the wash. Allow to soak some hours or overnight. At higher temperatures, use less **OXY-BLEACH** or shorter contact time. For lower temperatures use a higher concentration of **OXY-BLEACH** and longer soak time. For specific use concentrations and bleaching procedures, our Laundry Technical Department should be consulted.

STANDARD PACKAGING:

OXY-BLEACH is available in 1, 5, 10 & 20KG

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

BENEFITS & TIPS

- CHLORINE FREE
- “P” LOW PHOSHPATE FORMULA
- FABRIC SAFE
- COLOUR SAFE
- STAIN REMOVAL
- ECONOMICAL
- CROCKERY SAFE
- LOW ODOUR
