INFORMATION SHEET

POWER PLUS

FLOOR CLEANER: HEAVY DUTY NON-CAUSTIC

DESCRIPTION

POWER PLUS is a concentrated heavy duty detergent powder for the removal of grease, fat and heavy soils from floors.

POWER PLUS possesses excellent wetting and dispersing properties to quickly soften and loosen contamination. It is formulated to emulsify the soil and hold it in suspension without risk of re-deposition onto the cleansed surface. **POWER PLUS** has a pleasant pine fragrance which deodorises cleansed areas.

POWER PLUS does not contain caustic material and is safe to use on aluminium, tin, zinc and galvanised metals.

RECOMMENED DIRECTIONS

For normal cleaning operations, scrub with a solution of 6-12 gms of **POWER PLUS** per litre of warm to hot water. Rinse with clean water.

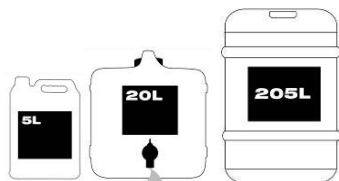

On very heavily soiled floors, wet the surface and sprinkle **POWER PLUS** over it. Allow to soak for several minutes, then scrub with a deck broom and hose off.

SAFETY PRECAUTIONS

POWER PLUS is alkaline and contact to the skin and eyes should be avoided. Gloves and safety goggles should be worn when handling **POWER PLUS**.

PACKAGING

POWER PLUS is available in 20 and 205 kg drums.

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.
