## INFORMATION SHEET

# SANVERT

## RUST & BORE STAINS REMOVER & METAL TREATMENT

Contains: Biodegradable Surfactant/s

### PRODUCT DESCRIPTION:

this product is clear mobile liquid which when applied to rust or bore stains removes the rust and leaves a protective coating when rinsed off with fresh water (inhibited).

The use of **Sanvert** gives an easy and economic way for rust removal and applying a protective sealant at the same time. **Sanvert** is a convenient way to lengthen the life of objects made of metal prone to rust.

### RECOMMENDED USE:

**Sanvert** can be used for the removal of rust stains on **fishing boats, ships, platforms, trailers, marine equipment**, blending and mixing tanks, metal tools etc.

**Sanvert** can also be used as a porcelain and tile cleaner to remove hard water scales.

### DIRECTIONS TO USE:

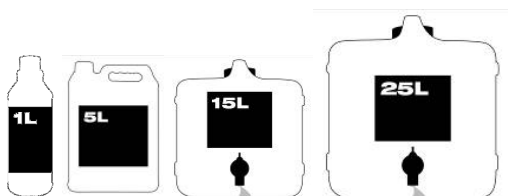

Spray neat directly onto affected areas. Apply with brush to more severely affected areas. Leave it on for 10 to 15 minutes. Wash off with pressure hose.

**Sanvert** will quickly remove surface rust stains and convert the residual rust into a protective phosphate coating.

Once the surface is dry, a primer and/or overcoat/s can be applied if required.

### PACKAGING

Available in 15 x 1ltr, 5 litres, 15 litres and 25 litres

### CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

### BENEFITS & TIPS

- PHOSPHORIC ACID BASE
- BIODEGRADABLE
- PHOSPHATE COATING
- SURFACE PROTECTION
- NO FLASH RUSTING
- REMOVES CALCIUM
- REMOVES CARBONATES
- REMOVES IRON STAINS
- CONTAINS PROTECTANTS
