## INFORMATION SHEET

# SPARKLE

## MACHINE GLASS WASHING LIQUID

### DESCRIPTION:

**SPARKLE** is a clear liquid designed for use in glass washing machines fitted with dispenser feed systems or external venturi systems.

**SPARKLE** contains blend of alkalis, sequestrates and wetting agents which ensures a low foam cleaning action and sparkling clear glassware when high temperature wash and rinse water is utilised.

### RECOMMENDED USE:

**SPARKLE** is designed for use in most types of glass washer. It is especially suitable for use on glassware where beer and spirit residues are encountered.

(Before using **SPARKLE**, our Technical Service Department should be consulted, since many glass washer contain soft metal fittings). For units fitted with dispensers, use 1 part **SPARKLE** with 4 parts water. The suggested method of addition is to fill the machine dispenser with 2 parts water, add 1 part **SPARKLE** and then add 2 parts water to assist efficient mixing.

### SAFETY PRECAUTIONS:

**SPARKLE** is a strongly alkaline liquid. Avoid contact with skin, eyes, and clothing. Gloves and safety glasses should be worn when handling this product

### WARNING:

Highly corrosive to skin & eyes. Rinse mouth thoroughly with water. Give plenty of water to drink. Wash affected areas with copious quantities of water. Remove contaminated clothing rinse skin again.

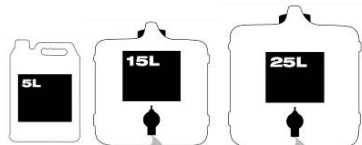

### FIRST AID:

If poisoning occurs, contact a doctor or Poisons Information 13 11 26.

If swallowed DO NOT induce vomiting. Give plenty of milk or water and seek medical attention. If accidentally contacted on the eyes or skin, immediately flush the affected area with copious quantities of water and seek medical attention.

### PACKAGING:

Available in 5 litres, 10 litres and 15 litres
