INFORMATION SHEET

TERMINATE

ODOUR NEUTRALIZING, DISINFECTANT SPRAY

DESCRIPTION

TERMINATE is a disinfectant spray with broad spectrum odour control capabilities. Unlike normal air fresheners, **TERMINATE** does not simply mask the odour; it neutralizes the odour at the source and replaces it with a pleasant long lasting perfume.

WHERE TO USE

TERMINATE is ideal for use in hospital incontinent areas, washrooms, toilets, animal hospitals, skin and hide processing plants, garbage areas, etc.

TERMINATE will neutralise most types of odour and can be used wherever there is a need to control offensive odours.

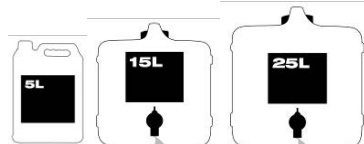

RECOMMENDED USE

TERMINATE can be used undiluted via a spray (aim at the source of the odour), or diluted at a rate of 6ml per litre of water for washing of contaminated surfaces or floors.

Do not use **TERMINATE** on food contact surfaces or on animals.

PACKAGING

Available in 5, 15 and 25 litres

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)
