NON-DANGEROUS GOOD

INFORMATION SHEET

RIGWASH CONCENTRATE

NON-CAUSTIC DECKWASH

PRODUCT DESCRIPTION:

RIGWASH CONCENTRATE – Non Caustic Deckwash is a highly active heavy duty liquid detergent for the removal of grease, oil and heavy soils from ship and vessel decks, oil and gas platforms, wharfs, slipways, equipment and all hard surfaces.

RIGWASH CONCENTRATE possesses excellent wetting and dispersing properties to quickly soften and loosen contamination. It is formulated to emulsify the soil and hold it in suspension without risk of re-deposition onto the cleansed surface.

RIGWASH CONCENTRATE is NON hazardous – NON flammable and NON caustic material and is safe to use on alloys in good condition such as aluminium, tin, zinc and galvanized metals.

APPLICATION DILUTION RECOMMENDATIONS:

Dilute 1 part of **RIGWASH CONCENTRATE** with three parts of water to produce RIGWASH. For example, 1 x 15litre drum mixed with 45 litres of water makes 60 litres RIGWASH.

Then use this solution NEAT or dilute further with up to 10 parts of water.

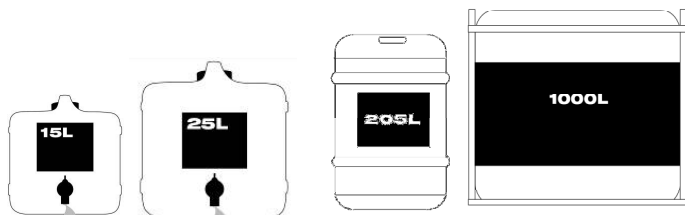

On very heavily soiled surfaces, wet the surface and supply RIGWASH liberally over it, allow soaking for several minutes and then scrubbing with a deck broom or scrubbing machine and rinse.

SAFETY PRECAUTIONS:

RIGWASH CONCENTRATE is moderately alkaline and contact with skin and eyes should be avoided. Gloves and safety goggles should be worn when handling.

STANDARD PACKAGING:

RIGWASH CONCENTRATE is available in 5, 15, 25, 205 & 1000 litre containers, or cartons containing 15 units of 1 litres.

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

BENEFITS & TIPS

- SAFE TO USE
- CAN WASH TO DRAIN
- BIODEGRADABLE SURFACTANTS
- LESS TRANSPORT
- LESS STORAGE
- NO PHOSPHATES
- NO HARSH PETROCHEMICAL SOLVENTS
- SAFE MOST SURFACES
- LOW ENVIRONMENTAL IMPACT
