INFORMATION SHEET

ROYAL GOLD

BIO-DEGRADABLE

GENERAL PURPOSE DETERGENT SANITISER

DESCRIPTION

ROYAL GOLD is a neutral, lemon perfumed, clear yellow liquid, designed for combined cleaning and disinfecting purposes.

ROYAL GOLD provides potent detergency and broad spectrum bactericidal characteristics. **ROYAL GOLD** goes into solution instantly and completely and is designed to quickly penetrate contamination and rapidly emulsify and disperse the residues. Rinsing of cleansed surfaces is generally unnecessary except for food contact surfaces and polishing operations.

The active sanitation is afforded by high purity quaternary ammonium compounds enhanced by an alcoholic medium.

ROYAL GOLD is effective in both hard and soft water, including sea-water.

ROYAL GOLD is an excellent algaecide and fungicide, with numerous applications against moulds, mildew, etc.

The "reodorant" properties of **ROYAL GOLD** are not due to the simple masking of odour. **ROYAL GOLD** acts as a chemical destroyer of foul and "musty" smells caused by bacteria promoted putrefactive processes (e.g. decaying meat, fish, shellfish, etc.). The removed odours are replaced by the fresh and long lasting lemon fragrance incorporated in the product.

WHERE TO USE:

ROYAL GOLD has many hand-wiping, mopping and reodorising applications in schools, convalescent homes, hospitals, hotels and motels, restaurants, cafes, town councils, apartment buildings, meat and fish processing areas and fishing boats, animal houses and kennels, industrial plants, motor vehicles and carriage depots, etc.

ROYAL GOLD is designed for "one step" cleaning and disinfecting of a wide variety of surfaces such as floors (tile, terrazzo, concrete etc), floor coverings (vinyl, linoleum, rubber etc.), walls, ceilings, fixtures, partitions, refrigerators, including mould and fungi removal in freezers and areas susceptible to moisture, all metal, plastic, ceramic, and painted surfaces, bench tops, furniture, washrooms, showers, toilets, equipment, vehicles, machinery etc.

BENEFITS & TIPS

- SAFE ALL SURFACES
- CLEANS & SANITIZERS
- REMOVES ALL SOILS
- RINSES FREELY
- NO RESIDUES
- KILLS ODOURS
- MULTI-PURPOSE
- SAFE TO USE

INFORMATION SHEET

ROYAL GOLD

BIO-DEGRADABLE

GENERAL PURPOSE DETERGENT SANITISER

ROYAL GOLD can be used in many areas where chlorine based and alkaline disinfectants cannot be used.

HOW TO USE

For normal washing and disinfecting dilute **ROYAL GOLD** 1:80 in warm to hot water or 12mls/litre. Mop, swab or wipe onto surfaces to be cleaned. Rinse only on food contact surfaces and if subsequent polishing is desirable.

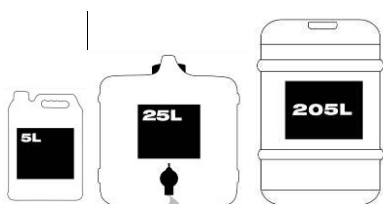

For general light duty hand wiping and also damp mopping of floors, dilute **ROYAL GOLD** 1:160 in warm water or 6mls/litre).

ROYAL GOLD is also suitable for use in spraying and reodorising operations in waste disposal bins, drains and other areas affected by foul odours.

DO NOT MIX OR USE ROYAL GOLD WITH SOAPS OR NORMAL HOUSEHOLD DETERGENTS.

PACKAGING:

ROYAL GOLD is available in 5lt, 15lt, 25lt, and 205 litre containers.

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.
