## INFORMATION SHEET

# STRIKE

## CONCENTRATED, LIQUID LAUNDRY DETERGENT

### DESCRIPTION

**STRIKE** is a specially formulated "one shot" liquid laundry detergent, which will perform all the functions necessary for safe, efficient washing of all fabrics.

**STRIKE** contains a balanced blend of surfactants and soil suspension agents to penetrate into the fabric, loosen and lift soils and prevent re-deposition onto the fabric. **STRIKE** is suitable for use in hard and soft water, either hot or cold.

### WHERE TO USE

**STRIKE** is specially designed for use in all household and commercial washing machines.

It is safe to use on cotton, synthetics, whites and all coloureds. The use of **STRIKE** results in a soft wash due to its gentle action and excellent rinsability, making it safer on delicate fabrics.

### RECOMMENDED USE

The recommended use concentration of **STRIKE** is ¼ cup per 5kg wash load for normal household use. In industrial laundries, use 1 cup (approximately 250 ml) per 45kg wash.

**STRIKE** is suitable for hand-washing in a basin, at normal use concentration in warm to hot water. The fabrics rinse freely in both cold and lukewarm water.

### PACKAGING

5 and 25 litre containers

### CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

### BENEFITS & TIPS

- BIODEGRADABLE SURFACTANTS
- SUITABLE FOR TOP AND FRONT LOAD WASHERS
