## INFORMATION SHEET

# SUPA STRIP

## FLOOR STRIPPING EMULSION

### DESCRIPTION

**SUPA STRIP** is a concentrated liquid product made specifically for the removal of all types of wax or polish from most floor surfaces. It is designed to strip a floor back to its original application of sealing and finishing materials. Periodic stripping of the floor surfaces is an essential part of any floor maintenance programme.

### RECOMMENDED USE

Use **SUPA STRIP** neat or dilute with up to 8 parts of hot water. Apply this solution evenly over the surface to be stripped and allow to act for 10-15 minutes. Scrub carefully with a slow speed machine and black stripping pad. Rinse thoroughly afterwards with clean water.

For severe build up of polish, higher concentration of **SUPA STRIP** may be required.

### CAUTION

Test **SUPA STRIP** on linoleum prior to stripping as bleeding of dye may occur. (Bleeding doesn't occur often but when it does the floors involved are often heavily worn cheaper linos using less colour fast water based dyes).

### PACKAGING

**SUPA STRIP** is available in 5, 15 and 25 litre containers.

### CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

### BENEFITS & TIPS

- MAKES 8 TIMES VOLUME (INCLUDING CONCENTRATE)
- ECONOMICAL
- BIODEGRADABLE SURFACTANT
- USE CORRECT LINT FREE PAPER OR TOWELS FOR BEST RESULTS
- DILUTION EQUIPMENT AVAILABLE
- CONTAINS MODIFIED ALCOHOL – DO NOT DRINK
