INFORMATION SHEET

WASH & WAX

COMBINATION CLEANER & POLISH

PRODUCT DESCRIPTION:

WASH & WAX - Combination Cleaner & Polish is a universal floor & Vehicle cleaning and polishing agent. Used regularly **WASH & WAX** will prolong the life of any painted or sealed finish, whether it be on a automobile, plane or vinyl floor.

The combined cleaning and polishing action of **WASH & WAX** eliminates the dull, faded appearance of floors and painted surfaces that tend to be continually washed with alkaline detergents.

APPLICATION & USE RECOMMENDATIONS:

WASH & WAX can be applied by foam applicators, cotton mop, continuous scrubbing machine or automatic floor maintenance machine, or by spray.

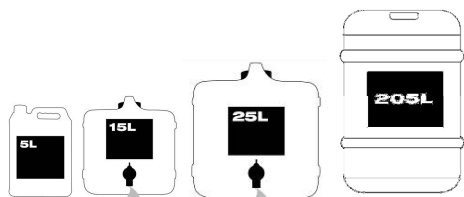

For maintenance cleaning of floors or automobiles use dilute 1 part of **WASH & WAX** to 20 parts of water. This dilution may be strengthened if extremely dirty conditions are prevailing.

For daily cleaning using an automatic floor maintenance machine, dilute 1 part of **WASH & WAX** to 60 parts of water. Again, stronger dilutions should be used if the conditions require it.

For spray-buff cleaning, dilute 1 part **WASH & WAX** with 5 parts of water, spray onto floor surface and machine buff to the desired gloss.

STANDARD PACKAGING:

WASH & WAX is available in 5, 15, 25 & 205 litre containers.

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation.
