# ZONE FRESH

## CLEANER SANITISER DEODORISER

### PRODUCT DESCRIPTION:

**ZONE FRESH – Cleaner Sanitiser Deodoriser** is a concentrated liquid with excellent cleaning and disinfectant properties. It readily emulsifies the toughest soils and grease with the minimum of effort whilst the product leaves behind a residual sanitiser and deodoriser to leave areas looking & smelling clean and fresh for prolonged periods.

### APPLICATION RECOMMENDATIONS:

**ZONE FRESH** is specially designed for cleaning, sanitizing and deodorising bathrooms, toilets and similar areas. **ZONE FRESH** is particularly good for removing uric acid odours associated with ablution blocks. **ZONE FRESH** is also widely used for general cleaning in kennels and sanitising duties in hospitals, nursing homes, schools, hotels, etc.

**ZONE FRESH** It is an excellent floor cleaner and is recommended for damp mopping of all vinyl, terrazzo, marble and ceramic tile surfaces.

### DILUTION RECOMMENDATIONS:

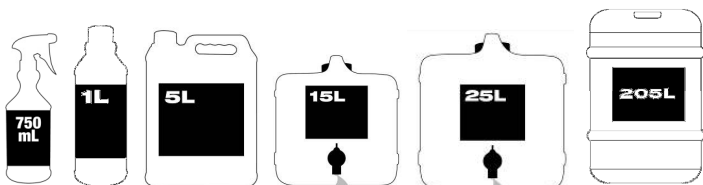

For normal cleaning and disinfecting duties dilute 10 mls of **ZONE FRESH** per litre of water. (This concentration may be increased for extra heavy soil or to impart more long lasting fragrance). Mop, swab, wipe or spray this solution into surfaces. Not recommended for food contact surfaces. If product comes in contact with food surfaces rinse with potable water afterwards.

Rinsing is normally not necessary unless floors are to be polished.

In food processing areas, it is necessary to rinse all food contact surfaces with water after treatment with **ZONE FRESH**. Ideally in a food processing area a non perfumed AQIS product such as WESTGUARD, COMET or TURBO with Q-SAN should be used.

### STANDARD PACKAGING:

**ZONE FRESH** is available in cartons of 15 x 750ml Ready-To-trigger pack. 15 x 1 litre, 5, 15, 25 & 205 litre containers.

### CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing and using this product the purchaser assumes responsibility for any and all results that may occur and shall not hold the manufacturer liable for any loss or injury however occurring.

### BENEFITS & TIPS

- NO PHOSPHATES
- NO CHLORINE OR FORMALDEHYDE
- NON CAUSTIC
- SAFE TO USE
- BIODEGRADABLE SURFACTANTS
- TRIPPLE-ACTION
- SAFER QUATERNARY
- PINE-FRAGRANCE
- CLEANS, DISINFECTS, & DODORISES
- MULTI-SAFE
